

Ninth Annual Report of the Board of Education: Together With the Ninth Annual Report of the Secretary of the Board (Classic Reprint)

Excerpt from Ninth Annual Report of the Board of Education: Together With the Ninth Annual Report of the Secretary of the Board

The Board of Education respectfully submit to the Legislature, this, their Ninth Annual Report. In the discharge of a duty enjoined upon them by the Statute, the Board have no new views to submit to the Legislature. Indeed, comparatively speaking, there is little of novelty in the whole subject of education. It depends, for the interest which it excites in the popular mind, rather upon its importance, than upon its novelty; and it may be questioned, whether the presentation of a variety of plans, by distracting the popular mind and diverting the public attention from the leading interests of the cause, may not be to it a source, rather of injury, than of advantage. Errors, of course, must be corrected when they shall have been discovered, and improvements at all times should be readily introduced; but a system of education, well digested, and deliberately adopted, must depend, for its success, upon the progressive development of its fundamental principles. It will, in that case, invite to itself a careful examination; discussion will throw light upon those principles, and experience will add its sanction to the conclusions of reason. The cardinal principle, which lies at the foundation of our educational system, is, that all the children of the State shall be educated by the State. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
