

## The Halloween Curse (BOO!) (Volume 1)

AGES 8-12 Billy and Amanda Walker aren't too sure about the new shop that just opened up in their small town of Boo, Pennsylvania. They're even more unsure of the shop's owner. A tall, spooky-looking man who goes by the name of Mr. Night. When pumpkins mysteriously begin attacking people and children go missing, Billy and Amanda are positive it's tied to Mr. Night and his new antique bookstore that's filled with strange spell books and spiders. Unfortunately, no one will believe them. With Halloween threatened and the lives of their friends in danger, it's up to Billy and Amanda to figure out what's going on, and save their favorite holiday before it's too late.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
