

Undead Ed

When Ed Bagley wakes up in a yucky sewer --and discovers he's a zombie-- things can't get any weirder! That is, until his evil arm scurries off his shoulder and into the town of Mortlake to cause all sorts of trouble. Un-armed and dangerous, Ed teams up with his werewolf buddy Max Moon to track down his rogue limb and save Mortlake from the evil at the center of it all. This formerly unlucky kid is out to prove he really is all guts! But when he's faced with gross ghouls, wormy wraiths, freaky fat babies, and some seriously sinister clowns, will Ed and his undead friends have enough skin on their bones to save the day? Or will this arm-y prove too tough to handle? Hilariously illustrated zombie antics make this the perfect next book for fans of *Zombikins!*

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
