

Internet Use in Wired Religious Community: Communication Behavior among Asia-Pacific Nazarene Theological Seminary (APNTS) Residential Students

As one of the modern communication tools, the Internet has changed our society and communication rapidly. The significant growth of the Internet use is more than the population growth, which means that there is a possibility that everyone will get connected to the Internet. APNTS as an educational institution provides an Internet connection inside the campus side. This is an opportunity to conduct research upon how the Internet use predicts communication behavior patterns among the resident students of the APNTS community. This study will help us to find out the phenomenon and communication behavior resulting from the Internet use among the resident students in the APNTS community.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
