

## Understanding Global News: A Critical Introduction

A lively and critical introduction to the news media, this book has been written specifically for media students and trainee journalists. Understanding Global News invites the reader to explore contemporary journalistic practice, and questions the assumption that the media provide a mere window on the world. Challenging the often unquestioned notions of media objectivity, the author turns the classic questions: Who? What? When? and Why? onto the news media. By employing a range of theoretical perspectives and a large variety of examples, the author demonstrates the way in which our perceptions of the world are constructed by the news media.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
