

University of California Publications in Classical Philology, Vol. 3 (Classic Reprint)

Excerpt from University of California Publications in Classical Philology, Vol. 3. All mature scholars must accept two principles: one, that the texts of classical authors are far from perfect, and another, that any suggestion for their improvement is more than likely to prove unavailing. But what has already been accomplished has been largely due to the following up by one scholar of another scholars conjectures; and so the subjoined proposals, even if they shall fail to win conviction, may perhaps point the way to a more successful treatment by another: est quadam prodire tenus si non datur ultra. 1, 102 tutemet a nobis iam quovis tempore vatum Ohas iam, Qme. The correct reading is iam. The stages of the corruption may have been nobisiam, nobisim, nobismi, nobisme. Possunt in 104, the Nt being written Twas corrupted into possum. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
