

Essentials of Greek Accidence: With Examples for Practice (Classic Reprint)

Excerpt from Essentials of Greek Accidence: With Examples for Practice

The title of the following Work sufficiently explains its nature. It is an attempt to make the study of the Greek language easy to the beginner, by presenting to him the essentials of the Accidence in a simple form, with a sufficient number of examples for practice. Thiersch's method of teaching the formation of the tenses has been adopted, as being admirably fitted for elementary instruction, both by its simplicity, and by its fitness to lead a pupil to correct notions of etymology; the laws which it exemplifies being general laws, dependent upon the nature and formation of articulate sounds. I have somewhat simplified it, by throwing the principal rules for the concurrence of consonants into a tabular form; and in the persons, I have considered the terminations as simple terminations, instead of decomposing them into termination and mood-vowel.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy!

YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped

and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
