

# When the Dead Talk Back: What Everyone Should Know about Metaphysics and Medicine

Whether you're a true believer or a hardened cynic, *When the Dead Talk Back: What Everyone Should Know about Metaphysics and Medicine* will make you stop and think. In an irreverent and engaging prose style, Paul Boyden Walker, a mainstream business consultant and reluctant clairvoyant for twenty years, convinces us that he and countless others who possess psychic talents should not be dismissed as crazy or deluded. On the contrary, these gifted people now have science on their side. *When the Dead Talk Back* surveys compelling scientific research that is expanding our understanding of human potential. Studies at prestigious universities have demonstrated that our awareness extends beyond our minds and that people can communicate telepathically and can accurately see distant objects and events. Concurrently, following quite a different line of investigation, quantum physicists have demonstrated beyond any doubt that our minds can have an impact on physical reality at its most fundamental level. In light of these startling scientific findings, the author takes a fresh look at such phenomena as the near-death experience, life after death, and mind-body medicine. Along the way, he discredits both new-age numbskulls and narrow-minded skeptics, recommending that all of us become discriminating but fearless explorers of the mystical realm. With its innovative mix of scientific reporting, rational analysis, and personal memoir, *When the Dead Talk Back* ushers in a new age in new age writing.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home,

20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
