

## Woof!

What better way to start any child's journey into reading than with man's best friend? *Woof!* is a delightful introduction to a group of furry friends in a uniquely entertaining picture book. Fun, rhyming verses accompany colorful, graphically bold illustrations that give children (and their parents) insight into the different personalities of each breed of dog. From the lovable Labrador to the crazy Springer Spaniel, *Woof!* is a celebration of what makes every dog special, and why they are so close to our hearts.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
