

An Episode of Writers Block

Have you ever thought about turning your moments of Writers Block into a story? This author has. Sometimes our most frustrating moments can make excellent stories. This is a one-plot kick-in-pants for fellow writers. You'll follow and create the best and worst situation for a 20-something writer who has entered a writing contest. Guiding and in-depth questions follow this one plot to help the writer develop their own creativity. Tiffany even offers ways to contact her with your story once it is complete. Have fun with it!

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
