

From Writing With Love

In *From Writing With Love*, her inspirational book on writing, Costa Short Story winner Avril Joy shares her writing life - the highs and lows, and everything she learned about writing along the way. I came late to writing and after a matter of only months found myself hopelessly in love. I had some modest, early success with publication but then a series of difficult rejections. In 2011 I came dangerously close to falling out of love with the one thing that had changed my life. Writing had brought me a deep and lasting sense of satisfaction and pleasure, it was the only thing I really wanted to do, so if I wasn't prepared to lose it all I had to think again. Much of this new thinking has gone into the pages here. In *From Writing With Love*, I share with you how I stayed in love with writing, what still inspires me, what helped me cope with success and disappointment in my writing life, how I came to win the Costa short story competition and everything I've learned about the craft of writing along the way. If you are just starting out on your writing journey *From Writing With Love* is a book for you. It will inspire and encourage you to find your writer's voice and to grow in confidence. If you are already an experienced writer, *From Writing With Love* offers hard won advice on writing the short story and the novel as well as outlining routes to publication and helping you re-define and achieve success in your writing life. In *From Writing With Love* I share with you as honestly as I can my writing journey, in the hope that it will inspire you to be the best writer you can be, bring you success and help you celebrate and enjoy this amazing writing life. This is a book in seven parts: *Becoming a Writer*, *Finding Your Voice*, *Writing Short Stories*, *The Novel*, *How to Succeed*, *the Writing Life* and a *Postscript* which includes the Costa winning short story, *Millie and Bird*

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
