

Writing in a New Convertible with the Top Down: A Unique Guide for Writers

Writing In a New Convertible with the Top Down delves into the daily realities of the creative process using the vehicle of an intimate correspondence between two talented, published writers. From their insights and examples, you can learn how to quit stalling, shift into creative gear, and speed successfully on your way. At the end of each chapter - like stops along a shared road - they offer the exercises and practical suggestions that have worked for them and their students. From reviews of the first edition: Wise and constructive. These letters shed light on writing as a process and let you feel youre sitting in on an intimate, empowering writers group. -- Judith Appelbaum, How to Get Happily Published Writing in a Convertible really is, as its subtitle says, A Unique Guide for Writers -- Patricia Holt, San Francisco Chronicle

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
