

## WRITE IT WORD IT MEAN IT

Write it, Word it, Mean it is a great reference book for individuals who want to add that extra message in greeting cards or handwritten notes. Sometimes you'll want to write a message but are not sure if the grammar or spelling is correct so you just sign your name on the bottom of a greeting card. Inside this book you will find examples that can be used to help you achieve success by writing that personal message for every occasion. You'll never have to worry if English is your second language or not at the level you would like it to be.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
