

Your Real Self

You are not who you think you are. This book is about moving beyond your self-image to be with your real self and so continually live your best life. To get in alignment with your real self means undoing what separated you from it in the first place, namely ego, fear, and false thought. Unity with your real self is made absolute when you bring being happy, loving and authentic to everything you do. At times this may be at odds with the needs and aspirations of others; but persistence in being your real self will attract the wonderful experience of being happy and having purpose and love back in your life. Whats more you will get back in touch with your real self's wisdom, loveability, and purpose in life.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
